	The materials (metal bookmark, necklace extender, jewelry charms) will be used to create bookmarks so the club members can then keep and use them. Since the bookmarks are metal, it is less likely to break/tear making it durable and it can last longer. Bookmarks are helpful to keep hold of a page without damaging the book, so this is helpful for students when they want to save a page in a textbook. The cable protectors will be used as prizes for the Kahoot game for a recap of the meeting.
